

Financial Contribution Form

December 2015

Whatcom Family Farmers is the new, unified voice of farmers. Our mission is to preserve a future for family farming in Whatcom County. There are a number of serious threats to that future including threats of lawsuits, proposed new regulations and securing long term access to water needed for farming. These funds will be used primarily for education and outreach aimed at the media, our elected leaders, community leaders and the citizens of our community and state. Accountability is provided by the board consisting of eleven active farmers and two non-voting, farm supporter members. Thank you for your support. Without it we are not able to take the actions needed to help secure the future of family farming.

Organization Name: _____

Your Name & Role: _____

Address: _____

City/State/Zip: _____

Amount of Contribution: \$ _____
